* Please fill out one form for each mission co-worker or family you are supporting. The 215th General Assembly (2003) adopted the policy statement "Presbyterians Do Mission in Partnership" (you can order a brochure on this through Presbyterian Distribution Service using the number 74-200-03-001). Concurrently there was a move from the title "missionary" to "mission co-worker" to reflect our theology that we do mission in partnership with our Christian brothers and sisters around the world, working together with them as co-workers in sharing the gospel.

** Mission co-workers usually have terms of three years.

*** Salary support is the highest priority until a mission co-worker is fully funded. Then support for the programs with which they work is next. These are ECO (Extra Commitment Opportunity) accounts with specific numbers.
