NOTES

*Salary

The table above reflects Presbytery's recommendation for a minimum package for a minister. It is recommended that each church consider an additional compensation option for ministers with more experience. For a more complete list see Terms of Call Worksheet.

**Housing

<u>Manse Equivalent Allowance</u> - If a manse is provided, this figure is not a cash payment, but a manse equivalent for determining Pension payment. It should reflect fair rental value of the manse and be no less than 30% of the base salary plus deferred compensation and utility allowance. (See worksheet)

<u>Housing Allowance</u> - Churches are urged to make this allowance sufficient for adequate housing.

***Social Security

For tax purposes, a minister is considered "self-employed" and the church does not pay social security directly but an equivalent to the minister. Our minimum equivalent provides 1/2 of the social security amount, increased by the minister when filing self-employment tax. (SECA).
