Dearest brothers and sisters of Trinity,

I write this letter to you all hoping to find you in good health.

I want to tell you all that this year I was able to complete my (9th grade) school year. Thanks to God and to you for your help that you have given me. I did well in all of my subjects especially my favorite one, visual arts. Last year I decided to study graphic design in which I could choose to make commercial art signs, flyers or other of your choosing. After graduation I will continue on to the university and study to obtain a graphic design degree and continue on to be a great architect. This would be a most distinguished profession.

I want to thank God and Trinity for your significant help without which I would have been unable to complete secondary school (9th grade middle school). One day if you should need me, do not doubt that I should be there; for I know all you have done for me.

May God bless you and by the Grace of God I will be able to write again soon. I thank you with all of my heart.

Dearest brothers and sisters in Christ,

I send my greetings to each one of you, hoping that the peace of God reigns over all of you and that our Father is watching over you.

After my greeting I want to tell you the following:

This year has served me well in my studies. I have already passed my grade and it filled me with joy and happiness. This allows me to continue forward in my agricultural studies and I am learning to cultivate melon and corn; and we have maintained some animals like cattle, fish, and sheep. This has been a great experience for me. In this path we study agricultural engineering. The majority of the students in these classes are men and only 4 women. We all get along well.

In the church I assist on Sundays; but, during the week I must study.

I want to thank you for the scholarship that you have given me and I want to let you know that it was a big help. Thank you for your prayers. They have given me blessing for my life, my family, and the church. Thank you for the care you have given us. I ask that you always pray for our lives, my family, and the church.

I think of you with happiness and joy.
